Beta Omega Chapter "El Nuevo Amanecer"

In the Fall 2000 semester, nine ladies were searching for a sorority to belong to — an organization that consisted of principles, goals and a meaning to fit their needs. However, none of the sororities on campus seemed to appeal to these ladies, nor did they fit their qualification of being based on each of their particular cultures. There were NO Latina sororities at Wayne State University at that time.

So the ladies began their search and eventually came across Lambda Theta Alpha Latin Sorority, Incorporated. The nine ladies began doing research on Lambda Theta Alpha and realized what stood out the most was its purpose — which incorporated community service, cultural awareness, academic advancement and the bond of a sisterhood that brought collegiate women together united by their cultural roots.

The nine ladies began an unofficial Interest Group and began to participate in community services, fundraisers and socials put on by the Sisters from Beta Pi (EMU) and Beta Omicron (UofM). In January of 2001 the National Board of Directors, under the leadership of Rosalinda Diaz, granted the approval to be Official Interested Ladies of Lambda Theta Alpha Latin Sorority, Incorporated at Wayne State University.

During this time the Interested Ladies continued to commit themselves to their studies (Academic Advancement), volunteering (Community Service & Cultural Awareness), fundraising and working together to become better acquainted with each other (A Bond Between Women). The hard work and dedication to the Interest Group finally paid off and their quest to bring the sisterhood on campus came true. In the Spring Semester of 2001, five ladies, also known as the "Five Dimensions of Unity," became the Founding Sisters of Lambda Theta Alpha Latin Sorority, Incorporated Beta Omega Chapter. These ladies are:

1. Jennifer L. Rincones
2. Victoria Vasquez
3. Betsabel Roman
4. Rosana A. Khalil
5. Fatima M. Khalii

Our First Line

In the Fall 2001, the ladies of the newly established Beta Omega Chapter worked hard to become a positive influence on campus during their first year. These efforts included forming the Chapter's first Interest Group. As the semester progressed, five ladies began to show interest in the sorority. They wanted to be a part of the Interest Group that represented Lambda Theta Alpha in a positive way. When the time came for advancing to the next level of hard work, dedication, determination and commitment, three ladies prevailed. These three ladies are:

1. Julea Ferrara
2. Vanessa Nava
3. Teresa Ramirez

These ladies crossed at Beta Omega during the Spring 2002 semester. These ladies are also known as "Las Tres Invencibles" or "The Invincible Three"

Our Second Line

In the Fall of 2002, Beta Omega Chapter started their next Interest Group with eight ladies. These ladies worked diligently with the sisters participating in socials, bonding activities, community services, study tables and fundraisers that ultimately

raised hundreds of dollars. These Interested Ladies worked hard to represent Lambda Theta Alpha and as the semester progressed, five ladies moved on to the next level. In the Spring semester of 2003, these five ladies became the second line to cross at Beta Omega Chapter. They are:

1. Veronica K. Salazar
2. Maria N. Ramos
3. Sarah Mazhar
4. Alma Mota
5. Cristina Hernandez

Their line is known as "The Five Ladies of Perseverance"

Our Third Line

In the Fall of 2003, five ladies formed an Interest Group at Beta Omega Chapter. Throughout the year two of these ladies continued to work hard and remained dedicated. They participated in community services, campus events and raised money. When the Fall of 2004 came, these two ladies were ready to begin their journey into the sisterhood of LTA. They became line three of Beta Omega Chapter and the first Fall line to cross in Michigan.

These ladies are:

1. Ashley Zamora
2. Sonia Gutierrez

These ladies are also known as "El Duo Dinamico."

The Ladies of Beta Omega Chapter take immense pride in bringing Lambda Theta Alpha to Wayne State's campus because it was the FIRST Latin Sorority.

LTA has paved the way for other Latino Organizations present on the campus today.

The Lambda Ladies at Wayne State will go down in campus history for their numerous achievements and contributions.
